PSC APPROVES TERRITORIAL AGREEMENT

JEFFERSON CITY---The Missouri Public Service Commission has approved a territorial agreement which designates the boundaries of Aquila, Inc., d/b/a Aquila Networks-MPS (Aquila) and Platte-Clay Electric Cooperative, Inc. in four electric service areas within Clay and Platte Counties. The four service areas are near Kansas City, Platte City, Smithville, Trimble and Tracy.

According to the applicants, the territorial agreement does not require the transfer of any facilities or customers and does not involve any change of suppliers to existing customers or members.

On April 12, 2007, the PSC Staff filed a memorandum recommending the application be approved. The Commission held a hearing in this case on May 23, 2007.

Based upon a review of the evidence in the record, the Commission has concluded the territorial agreement is in the public interest and should be approved.
